Bousfield A101**

"Being right in the city was such an amazing experience. The dorms are just a short (and inexpensive) bus ride away from all the major attractions such as great restaurants, the beach, the park, and shopping centers. The beaches are astounding. They are the perfect place to spend your time after class or on Shabbat. After you hit the beach, you can walk a few blocks and find some of the best authentic Israeli food in the world on major streets such as Frishman and Dizengoff."
